Looks good. I made a very minor edit to the Breed talking points (removed my name from it).

I think you can just verbally update EM on Bldg 606 and Parcel A.

Dear Brianna/John

I may not have the most up-to-date version of the Pelosi materials. I'm attaching the versions I have. Based on those, I've attached draft Mayor materials, which are almost identical. I expect the concerns are likely similar. The talking pts may be too long and detailed, but I know they are based on what Enrique wanted to convey. I also rearranged the previous Q&A into a new version attached. I expect that we may get questions re timing and the degree of disagreement between the Navy and EPA. I'll work on more Q&A's about that. But we have a few days, and I need to get back to Parcel G Workplan . . .

But this should get the Mayor prep process rolling
